### Notes

- Mr Castillo address:
  - We are title 1 school serving 360 students. Neighborhood school. We need to write letters to get another teacher. Second grade class is 30-31 kids and that is a large amount. We need parents to contact the district to complain. We don't really get movement until parents get loud. Who to contact Issac Something....we can send out the info for him.
  - The auditorium is getting fixed up so for student of the month assemblies, they will be in person until January (hopefully it will be fixed by then).
  - Oct 8th- family night at roosevelt high school with all north portland schools. Learn about TAG, SPED, MLL.
  - Last Tuesday ICE picked up a parent from the Casear Chavez school community. We need to be prepared by doing Know Your Rights training. Also working with the Worth Fighting For group.
- Yaneda school social worker address:
  - She is working with Worth Fighting For and Know Your Rights.
  - District is working on attendance and she is doing a raffle for her work.
- Frances from Know Your Rights led a training. La Migra watch Oct 4th. More info to come, teaches you how to be a part of rapid response to be ready to go to ice watch.
- 4 rights that are for EVERYONE ON AMERICAN SOIL- the right to remain silent (unless you are the driver of the car), the right to not sign anything without speaking to a lawyer; the right to refuse permission to search or enter; in Oregon: the right to not have the state government workers collaborate with ICE without a warrant.
